

OneClick Funded Privacy Policy

Last updated: August 29, 2026

This Privacy Policy explains how OneClick Funded ("OneClick Funded", "we", "us", "our") collects, uses, stores, shares and protects personal data when you use the website at <https://oneclickfunded.com/>, dashboards, portals, instant account products, support channels, payment flows, MT5, TradeLocker and Bybit-compatible platform access, payout or reward processes, affiliate or referral features, and related digital services.

This policy should be read together with the OneClick Funded Terms of Service and the applicable product rules displayed on the website, checkout page, dashboard, FAQ, account schedule or official support channel.

1. Personal Data We Collect

We may collect the following categories of personal data:

1. Account data - name, email address, phone number, country, language, username, password hash, referral code, account ID, dashboard settings and account status.
2. Identity and verification data - date of birth, nationality, identification documents, selfie or video verification, proof of address, verification call information, sanctions screening results and KYC/AML provider results, where requested.
3. Payment and transaction data - order ID, payment method, payment status, card or bank metadata where processed by providers, crypto asset, network, wallet address, transaction hash, amount, timestamps, invoice or receipt information, refund records, chargeback records, payout request details and payout destination details. We do not control public blockchain records.
4. Instant account and performance data - selected account size, selected platform, MT5, TradeLocker or Bybit-compatible account identifiers, account credentials or access status, trades, orders, timestamps, symbols, virtual balances, equity, drawdowns, limits, risk metrics, consistency metrics, payout requests, rule breaches, risk reviews, compliance flags and platform logs.
5. Technical data - IP address, device identifiers, browser type, operating system, cookies, local storage, session logs, approximate location, referral URL, security events, access logs, error logs and dashboard activity.
6. Communications data - support messages, emails, live-chat messages, messenger contact details if you contact us there, complaint records, verification messages, files you send to us and service communications.
7. Marketing and affiliate data - campaign source, UTM tags, cookies, affiliate links, coupon codes, attribution data, consent preferences, unsubscribe records and promotional interaction data.
8. User content and feedback - survey responses, testimonials, reviews, social media messages, uploaded files, screenshots, strategy explanations and feedback.

We do not intentionally collect personal data from persons under 18.

2. How We Collect Data

We collect personal data:

1. directly from you when you register, purchase, contact support, request a payout, complete verification or use the Services;
2. automatically through the website, dashboard, cookies, logs, security tools and analytics tools;

3. from MT5, TradeLocker, Bybit-compatible or other third-party platform environments used for account access and performance review;
4. from payment processors, banks, card networks, crypto payment tools, blockchain networks, wallets or payout providers;
5. from KYC, AML, sanctions, identity verification, fraud-prevention and blockchain analytics providers;
6. from analytics, CRM, support, email, messaging, affiliate, referral and marketing providers;
7. from public sources and lawful business partners where relevant for fraud prevention, compliance, security or service delivery.

3. Why We Use Personal Data

We process personal data to:

1. create, authenticate and manage accounts;
2. provide website, dashboard, instant account, analytics, support and trading-platform environment access;
3. process payments, confirm transactions, issue receipts, handle refunds and manage payment disputes;
4. process payout or reward requests and verify payout destination details;
5. calculate account metrics, monitor trading activity, detect rule breaches and review payout or reward eligibility;
6. conduct KYC, identity verification, AML/CFT, sanctions, fraud, security and platform-integrity checks;
7. communicate service notices, support replies, product updates, verification requests and policy changes;
8. send marketing where permitted and manage opt-outs;
9. operate affiliate attribution, referral links, coupons and commissions;
10. improve, test, troubleshoot, personalize and secure the Services;
11. create aggregated or anonymized analytics;
12. comply with legal, accounting, tax, audit, regulatory, dispute-resolution and law-enforcement obligations;
13. enforce the Terms of Service, protect OneClick Funded, protect users, prevent abuse and defend legal claims.

4. Legal Bases

Depending on your jurisdiction, we may rely on:

1. your consent;
2. performance of a contract with you;
3. compliance with legal obligations;
4. legitimate business interests, including fraud prevention, service improvement, security, support, analytics, payment integrity, platform integrity and rule enforcement;
5. establishment, exercise or defense of legal claims;
6. protection of vital or public interests where applicable.

Where consent is required, you may withdraw it. Withdrawal does not affect processing already carried out or processing based on other lawful grounds.

5. Cookies and Similar Technologies

We use cookies, pixels, local storage and similar technologies to:

1. keep you logged in;
2. secure accounts and prevent fraud;
3. remember preferences such as language, region and platform choice;
4. operate checkout, payment, payout and dashboard flows;
5. measure website and dashboard performance;
6. understand how users use the Services;
7. attribute affiliate links, coupons and campaigns;
8. personalize content and marketing where permitted;
9. test and improve the Services.

Cookies may be strictly necessary, functional, analytics, marketing or affiliate/attribution cookies. You can manage cookies through your browser settings or cookie banner where available. Blocking cookies may affect login, checkout, dashboard access, payout requests, affiliate attribution or other functionality.

6. Crypto Payments and Public Blockchains

If you pay or receive payouts in cryptocurrency or stablecoins, transaction details may be recorded on public blockchains. Public blockchain data may include wallet addresses, transaction hashes, amounts, timestamps and network information. Public blockchain records are not controlled by OneClick Funded and may be visible to third parties indefinitely.

Do not include sensitive personal data in blockchain transaction memos, tags or public notes. OneClick Funded is not responsible for personal data you intentionally or accidentally publish on a public blockchain.

7. Sharing Personal Data

We may share personal data with:

1. hosting, cloud, database, security and infrastructure providers;
2. payment processors, banks, card networks, crypto payment tools, wallet providers, blockchain analytics providers and payout providers where applicable;
3. KYC, AML, sanctions, fraud-prevention and identity verification providers;
4. MT5, TradeLocker, Bybit-compatible or other third-party platform providers used for account access and performance review;
5. analytics, CRM, support, email, messaging and marketing providers;
6. affiliate or referral partners, only where needed for attribution, fraud prevention and commission administration;
7. professional advisers, auditors, insurers and legal representatives;
8. regulators, courts, law-enforcement authorities, tax authorities or other competent bodies where required or permitted by law;

9. business successors in connection with a merger, acquisition, restructuring, financing or sale of assets.

We require service providers to process personal data only for authorized purposes and to apply appropriate confidentiality and security measures.

8. International Transfers

Because OneClick Funded operates online and uses international service providers, personal data may be processed in countries outside your country of residence. Where required, we use appropriate safeguards such as contractual protections, provider due diligence and technical or organizational measures.

9. Retention

We keep personal data only as long as reasonably necessary for the purposes described in this policy, including service delivery, account management, payment processing, payout review, legal compliance, audit, tax, accounting, fraud prevention, sanctions screening, dispute resolution and enforcement.

Typical retention periods may include:

1. account data - for the life of the account and a reasonable period after closure;
2. transaction, payment, payout, refund, KYC and compliance records - as required for legal, tax, accounting, AML/CFT, audit and dispute purposes;
3. platform, account and performance records - as needed to calculate metrics, verify rule compliance, investigate disputes and protect platform integrity;
4. support communications - as needed to resolve issues and maintain records;
5. technical logs - for security, fraud prevention and troubleshooting;
6. marketing data - until you unsubscribe or withdraw consent, unless another lawful basis applies.

We may retain anonymized or aggregated data indefinitely.

10. Security

We use technical and organizational measures designed to protect personal data, including access controls, encryption where appropriate, monitoring, backups, provider due diligence, internal confidentiality rules and security review.

No electronic transmission, storage system, dashboard, email system, trading-platform integration, crypto wallet or blockchain-related process is completely secure. You are responsible for securing your login credentials, email account, devices, trading-platform credentials and crypto wallets.

11. Your Rights

Depending on applicable law, you may have rights to:

1. access your personal data;
2. correct inaccurate data;
3. delete data;
4. restrict or stop processing;
5. object to certain processing;
6. withdraw consent;
7. receive a copy of data in a portable format;

8. opt out of marketing;

9. lodge a complaint with a competent data protection authority.

To exercise rights, contact OneClick Funded through the official support or contact channels published on the website or dashboard. We may need to verify your identity before responding.

Some rights may be limited where we must retain data for legal, tax, accounting, security, fraud-prevention, sanctions, dispute, platform-integrity, payout-review or compliance reasons.

12. KYC, Verification and Automated Reviews

Before processing certain payout or reward requests, delivering access, reviewing risk events or where otherwise necessary, OneClick Funded may request KYC, identity verification, sanctions screening, wallet verification, payment ownership verification, source-of-funds information, video verification, verification calls or additional due-diligence information.

We may use automated systems to detect fraud, prohibited trading practices, duplicate accounts, sanctions risk, payment risk, account sharing, platform-integrity issues, suspicious payout patterns and unusual activity. Automated flags may be reviewed by our team or service providers where practical.

13. Marketing Communications

Where permitted, we may send service updates, product news, promotions and educational content. You may unsubscribe from marketing emails using the unsubscribe link or by contacting us through an official channel. Service, security, payment, KYC, payout and transactional messages may still be sent where necessary.

14. Children

The Services are not intended for persons under 18. If we learn that a minor has provided personal data, we may delete it and close the account.

15. Changes

We may update this Privacy Policy from time to time. The latest version will be posted on the website or dashboard with an updated date. Material changes may be notified by email, dashboard notice or other appropriate means.

16. Contact

Privacy requests, data-rights requests, support questions and complaints should be submitted through the official support or contact channels published on the OneClick Funded website or dashboard.
